

US Corporate Fraud: Why are the courts at fault?

Posted on October 12, 2014

968 icons of rectitude for “legal” advice instead of using their own noses and common sense to
969 determine what is lawful.

970 The judges and court administrators are also committing tax fraud by shifting the “debt”
971 created by every case onto the individual(s) who are actually the Creditor(s) in every case, and
972 converting the case into an investment security belonging to the Dallas Federal Reserve Bank
973 instead, which in turn shifts the money from the Creditor side of the “transaction” into the
974 pockets of the Debtors. They are deceptively laundering a fraudulent debt into corporate
975 assets belonging to the bank, and converting those assets into revenue sharing funneled
976 back to the Department of Transportation (Federal Reserve) or DEPARTMENT OF
977 TRANSPORTATION (IMF) franchises, respectively.

978 So in addition to running a rigged gambling operation out of the courthouses, the courts
979 are also laundering vast amounts of fraudulently procured credit assets back into the operations
980 side of the two colluding Trust Management Organizations. A whopping percentage of the total
981 take from all this securities fraud goes into the judge’s retirement fund also administered by the
982 Dallas Federal Reserve Bank.

983 It is self-explanatory why the courts and their administrators are at fault for this entire
984 situation, that it is outrageous and not to be tolerated, and also why it must come to a halt and be
985 brought to a halt by those responsible for administration of these entities. Any jurist who values
986 his or her “law license” issued by an international banking cartel being operated as a criminal
987 syndicate more than he or she values the law deserves to be disbarred---and will be.

988 9. In one of the demonstration cases you repeatedly made a great issue of whether or not
989 the Judge was acting as a trustee or not, and at one point even offered to appoint him
990 directly as your trustee. Why?

991 I did this to determine and place on the record which “hat” he was wearing. According to
992 Section 3 of Article XIV of the Constitution of the United States of America--- the Federal
993 Reserve corporation dba United States of America, Inc. By-Laws ----all public employees are
994 trustees.

995 The question of trusteeship is vital. Public employees under both “The Constituton for
996 the united States of America” and “the Constitution of the United States of America” and all the
997 related subsidiary “State Constitutions” are openly declared and required to act as trustees and to
998 protect the respective National Trusts. It has been the erroneous practice of the UNITED
999 STATES, INC. and its STATE franchises to forget about its obligations in this respect, and to
1000 concentrate entirely on the juicy federal services contracts it inherited during the bankruptcy
1001 reorganization of the United States of America, Inc.

1002 The “Constitution of the United States” (yet another separate Constitution) under which
1003 the UNITED STATES, INC. was organized has no mention of trusteeship, but that doesn’t mean

1004 the fiduciary obligations vanished simply because a successor Trust Management Organization
1005 has tried to ignore them. It only means that judges who don't admit to being trustees are
1006 **admittedly** operating in the foreign international jurisdiction of the IMF organization.

1007 This was already implied by the title block style of the header on the case, but settling the
1008 Trustee matter forced the JUDGE to give up any pretension of *in personam* jurisdiction and to
1009 reveal the actual venue of the proceedings, which he otherwise attempted to obscure.

1010 Throughout that case the JUDGE took an active litigant's stance and practiced law—
1011 liberally—from the bench, flagrantly acting in support of the bank's attorney. Several times
1012 during the proceedings the Judge was observed smiling, winking, and nodding to her. Although
1013 we entered Special Appearance throughout and demanded proof of jurisdiction from the outset—
1014 and even though the bank's attorney is required to prove jurisdiction beyond reasonable doubt by
1015 canon of law—she made no attempt to do so beyond a naked verbal assertion that the ESTATES
1016 "resided in Alaska"—which has no meaning in a verbal context, because it is impossible to
1017 determine which version of "Alaska" is being referenced.

1018 During the first Hearing, the JUDGE deliberately obscured the venue and jurisdiction of
1019 the court, claiming that his authority derived from "the de jure Constitution of the State of
1020 Alaska"—a document that doesn't exist and which would obligate him to act as our trustee if
1021 it did. Soon after making this claim, the JUDGE made an excuse to leave the courtroom and
1022 formally change the jurisdiction of the proceedings under the pretense of getting copies of a
1023 document for us. This only served to move the in-house corporate tribunal to Special Admiralty.
1024 Nobody operating under judicial canon would engage in such deceitful behavior, nor would
1025 anyone operating an honest court have reason to engage in such arcane procedure.

1026 By process of elimination, it stands that **THE SUPERIOR DISTRICT COURT FOR**
1027 **THE STATE OF ALASKA, INC.** was operating an agency-based "federal" debt collection
1028 procedure process against privately owned and operated international *inter vivos* trusts
1029 under the presumption that they were instead ESTATE franchises of the UNITED
1030 STATES, INC. operated in arrears by federal employees. This was all set up and maintained
1031 in the face of open and un-rebutted objection, without jurisdiction, in the absence of any
1032 validated claim or authority whatsoever to address us, the living principals, beneficiaries of the
1033 ESTATES, and Priority Creditors.

1034 Part of the corruption of the courts is that they do not openly, freely, and honestly reveal
1035 the jurisdiction they are operating in at any given time, and do not discuss the presumptions—
1036 often far-fetched presumptions—they are operating under. In the demonstration case 3AN-12-
1037 6858CI the JUDGE claimed to be operating the court under the administrative auspices of the
1038 United States of America (Minor)'s local franchise, the State of Alaska, then used a subterfuge to
1039 change that declared jurisdiction to international maritime jurisdiction without disclosure. This

1040 sort of “bait and switch” artifice is inherently fraudulent and leads inevitably to self-interested
1041 and purposeful confusion at law.

1042 **10. Who are you? How do you know all this?**

1043 Our families have struggled with the administration of the Holy Roman Empire—and the
1044 Global Estate Trust—in all its guises, for over a thousand years. There is no lie that a banker
1045 can utter that we haven’t heard a dozen times before. There is no scam that a con artist can
1046 conceive that we haven’t already dealt with.

1047 **Now, it’s your turn.**

1048 We are tired of reading the entire list of Primary Source Documents and reference books
1049 included for your interest, plus hundreds more arcane documents detailing the attempts of Popes
1050 and Kings and Presidents and Congresses to do things both wonderful and horrible. This
1051 particular responsibility means becoming a lawyer whether you like law or not, becoming a
1052 banker whether you can stomach banking or not, becoming a historian even if history makes you
1053 gag, and becoming both a researcher and a journalist, because you have to keep up with the ever-
1054 changing game board that is the globe rotating under your feet.

1055 It means either being a wolf or a shepherd, because you cannot be a sheep after such an
1056 education. Francis is the last Pope we shall serve. We’ve been Good Shepherds for the innocent
1057 and helpless people of the world, but we might have been predators just as well. This is a matter
1058 of individual choice, and it bears consequences no matter what you do.

1059 For those who have a conscience and who prefer to sleep at night and to look at
1060 themselves in mirrors without wincing, being a Good Shepherd works best. For the one in 25
1061 among us who couldn’t care less who they hurt, how much, or for what venal reasons, being a
1062 predator may be the only option, because such animals (and you know who you are) see
1063 innocence as ignorance, see weakness as opportunity, see goodness of any kind as an excuse for
1064 contempt, and purity of any sort as an excuse to despoil it.

1065 Just be aware— there are 24 shepherds to every wolf and 390 million increasingly
1066 disgusted Americans poised to take out the entire Puerto Rican Navy.

1067 **11. Why did you include Pat Dougherty, the Managing Editor of The Anchorage Daily
1068 News, to receive a FINAL NOTICE? He’s not a politician or a public employee or a
1069 banker or a judge, so it doesn’t appear to make sense?**

1070 Go to The Anchorage Daily News archives and look at the first ad in the Legal Notices
1071 Section of the October 1, 2013 edition under high magnification. Write down the words that you
1072 actually see are printed there and compare them to the words that appear to be printed on that
1073 page when you are reading this ad without the aid of a strong magnifying glass.
